EVACUATION DECISION-MAKING FOR SCHOOL OFFICIALS

The purpose of this training is to provide school officials with a logic model to facilitate evacuation decision-making during school emergencies or threats of violence. NOTE: This training is not specific to bomb threats.

Topics include:

- Recognizing the need for the creation of a core emergency team prior to an emergency.
- Learning about the circumstances when evacuation is mandated.
- Understanding the multiple components involved in sound decision-making regarding evacuations.
- Developing strategies for the effective management of school evacuations.
